

RULE-MAKING ORDER

CR-103E (July 2011)
(Implements RCW 34.05.350)

Agency: Washington Department of Fish and Wildlife

Emergency Rule Only

Effective date of rule:

Emergency Rules 16-228

- Immediately upon filing.
- Later (specify) September 3, 2016

Any other findings required by other provisions of law as precondition to adoption or effectiveness of rule?

- Yes
 - No
- If Yes, explain:

Purpose: Amend recreational fishing rules for the Tilton River

Citation of existing rules affected by this order:

Repealed:
 Amended: WAC 220-310-185
 Suspended:

Statutory authority for adoption: RCW 77.04.012, 77.04.020, 77.12.045 and 77.12.047

Other authority :

EMERGENCY RULE

Under RCW 34.05.350 the agency for good cause finds:

- That immediate adoption, amendment, or repeal of a rule is necessary for the preservation of the public health, safety, or general welfare, and that observing the time requirements of notice and opportunity to comment upon adoption of a permanent rule would be contrary to the public interest.
- That state or federal law or federal rule or a federal deadline for state receipt of federal funds requires immediate adoption of a rule.
- That in order to implement the requirements or reductions in appropriations enacted in any budget for fiscal year 2009, 2010, 2011, 2012, or 2013, which necessitates the need for the immediate adoption, amendment, or repeal of a rule, and that observing the time requirements of notice and opportunity to comment upon adoption of a permanent rule would be contrary to the fiscal needs or requirements of the agency.

Reasons for this finding: Fall Chinook and coho are being released on the Tilton River for reintroduction purposes and will provide recreational angling opportunity. After being released, the fish tend to temporarily congregate at the release site. Providing a small sanctuary (closure around the release location) will allow the fish to recover and disperse as well as reduce the potential for snagging. There is insufficient time to adopt permanent rules.

Negotiated rule making:	New	_____	Amended	_____	Repealed	_____
Pilot rule making:	New	_____	Amended	_____	Repealed	_____
Other alternative rule making:	New	_____	Amended	_____	Repealed	_____

ORDER NO. 16-228

NEW SECTION

WAC 220-310-18500M Southwest – Freshwater exceptions to statewide rules.

Notwithstanding the provisions of WAC 220-310-185, effective September 3, 2016, until further notice, it is unlawful to fish in the waters of the Tilton River from the fish release site ramp in Gus Backstrom Park downstream 25 feet and upstream 25 feet from ramp.

Reasons for this finding: Fall Chinook and coho are being released on the Tilton River for recreational angling opportunity and reintroduction purposes. After being released, the fish tend to temporarily congregate at the release site. Providing a small sanctuary (closure around the release location) will allow the fish to recover and disperse as well as reduce the potential for snagging. There is insufficient time to promulgate permanent regulations.
