Flows in the lower Yakima River (below Prosser) were high but decreasing all week (6,800cfs to 4,700cfs). Over 100 adult Spring Chinook continue to pass through the Prosser Diversion daily. WDFW staff interviewed 82 anglers fishing in the lower Yakima River this past week with no salmon caught or harvested. Only three anglers were observed fishing for salmon. Anglers were fishing primarily for smallmouth bass and channel catfish. Anglers reported catching/harvesting 34 bass and 10 channel catfish.
