

WDFW Ocean Salmon Trip Report

(circle one selection of the three choices below)

Target Species: Chinook Coho All Salmon

Date of Fishing Trip: _____ Catch Area: _____

Angler/Boat Name: _____

SALMON TRIP REPORT INSTRUCTIONS

- Use one form per fishing trip. Please document EVERY hookup for all anglers on the boat, even if the fish is small or gets away.
 - Target Species:** Circle which salmon species you are targeting. If you are hoping just to catch all legal/open species, select "ALL SALMON"
 - Date:** Record the date you are fishing (month/day/year)
 - Catch Area:** Record the Area you are fishing. (Start a new form if you fish more than one Area in a day).
 - Angler/Boat Name:** Record your name and/or name of your boat.
 - Species Hooked:** Please record a tally mark in the box associated with the fish you caught. (Indicating Species, size, clipped/not clipped and whether it was kept, or released).
 - Drop Offs:** Record a tally mark for all fish hooked that release themselves. (This includes lost known fish, lost unknown fish. Please do not tally "Dites")
 - Turn It In!** The sooner we get your data- the better. Hand each completed sheet to a port sampler. If you don't see one or forget to do so, then fold this sheet in half, tape/staple it with the address side out and drop it in the mail.
- THANK YOU FOR YOUR PARTICIPATION!** Any questions or concerns can be directed to Erica Crust at Erica.Crust@dfw.wa.gov or 360-249-1220.
