**Agenda item:**

**13. Hatchery Policy (C-3619) Review – Briefing, Public Comment**

**Presenter(s):**

Dr. Ken Warheit, Director of Molecular Genetics and Fish Health and Ron Warren, Director of Fish Policy

---

**Background summary:**

Over the course of the last two years, beginning at the June 15, 2018 Fish and Wildlife Commission (FWC) meeting, the department conducted a review of all sections and aspects of the Hatchery and Fishery Reform Policy (C-3619). The Commission's June 10–13, 2020 meeting, the fish committee members took the lead in drafting the initial language modifications based on the review the department conducted as well as comments received. At the August 1st Commission meeting a draft Anadromous Salmon and Steelhead Hatchery Policy was approved for continued public input leading up to the briefing and public hearing September 12, 2020. At the November 6, 2020, Special Commission meeting staff provided the Commission with a summary of public comment received through the extended comment period. The Commission considered revisions to the August 1 Public Review Draft containing draft language changes to Policy C-3619, and approved for further public review. At the January 30, 2021, meeting the Commission will consider approving a new version of the policy for a review through and under SEPA .
