Hello Shane,

Thank you for reviewing and commenting on the SEPA for the WT Wooten Wildlife Area Campground #9. We agree having modern and up to date floodplain data is beneficial to any agency work. However, given the scope of this project as a maintenance action it would be outside of the scope of this project to conduct such an update for our records and FEMA. Your contact information will be added to our database as a party of record for this project.

Sincerely,

**P. Frank Stevick**
