DETERMINATION OF NONSIGNIFICANCE (DNS)

Name of Proposal: DNS 23-009: RIVERFRONT PARK BOAT RAMP REPLACEMENT

Description of Proposal:

This boat ramp has sustained extensive structural damage over time, with the latest damage occurring to the bottom half of the ramp in the winter of 2021 for which a FEMA request was initiated (FEMA 4635). Upon further inspection of the boat ramp, it became apparent that the entire boat ramp warranted replacement. The project proposes to replace the existing 120-foot boat launch consisting of 12-inch x 12-foot x 4-inch pre-cast concrete planks with new pre-cast concrete planks that are 4-foot x 12-foot x 6-inches in the same location and footprint. Minimal sediment removal will be necessary to expose and replace the bottom of the existing launch.
