Moose, Bighorn Sheep, and Mountain Goat Seasons and Permit Quotas

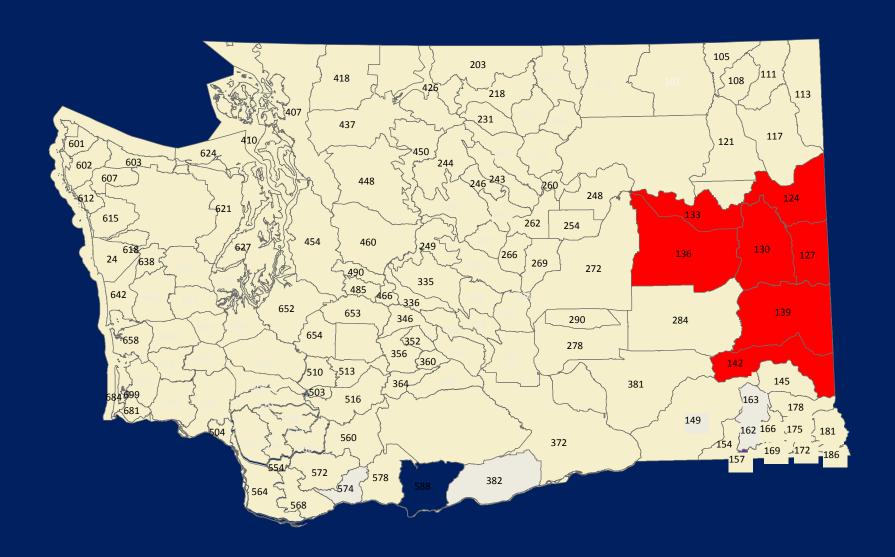

Rich Harris
Special Species Section Manager
March 7, 2014

232-28-273 - Moose

- Currently, 10 master hunter permits provided
- In recent years, few used
- Recommended changes to allow flexibility:
 - Permits to allow taking bulls as well as cows
 - Season begins 1 August (rather than 1 December)
 - Expand geographic scope

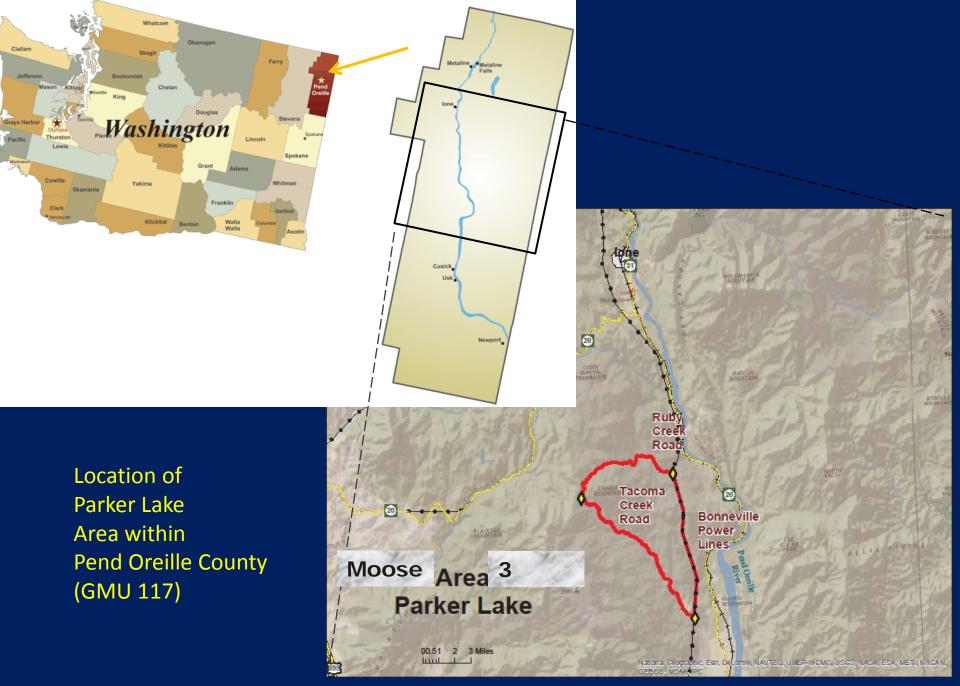

232-28-273 - Moose

- New hunting opportunity in Parker Lake area (GMU 117):
 - Early season (Sep 1-26), Archery only, 2 permits
 - Not-quite-so-early season (Sep 27-Oct 5),
 Muzzleloader only, 2 permits
 - Any moose (mostly bulls)

232-28-622 Bighorn sheep

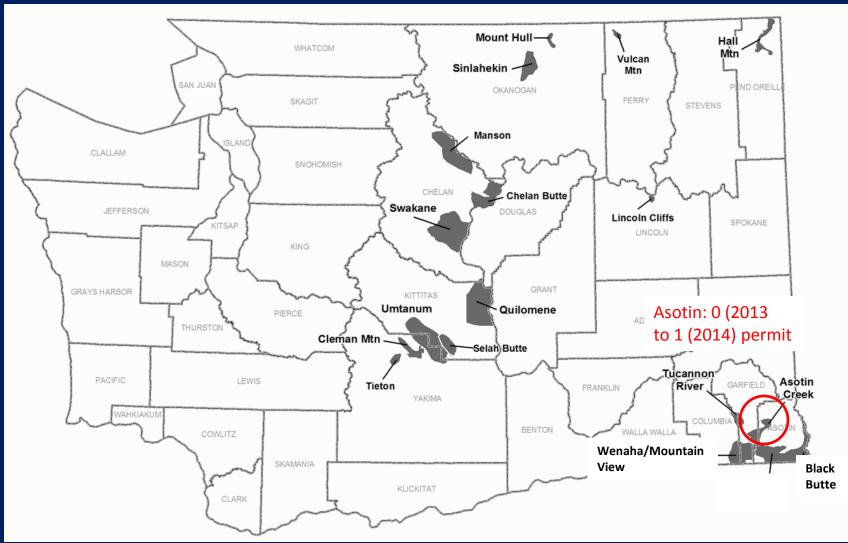

- Minor revisions in permits
- All respond to Game Management Plan and recent survey information

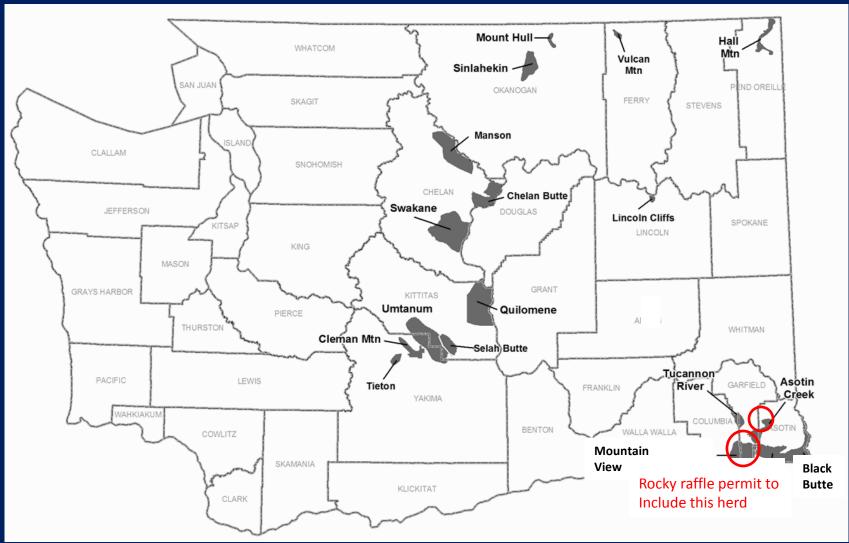

Washington bighorn herds

Additions to "Rocky Mtn" bighorn permits

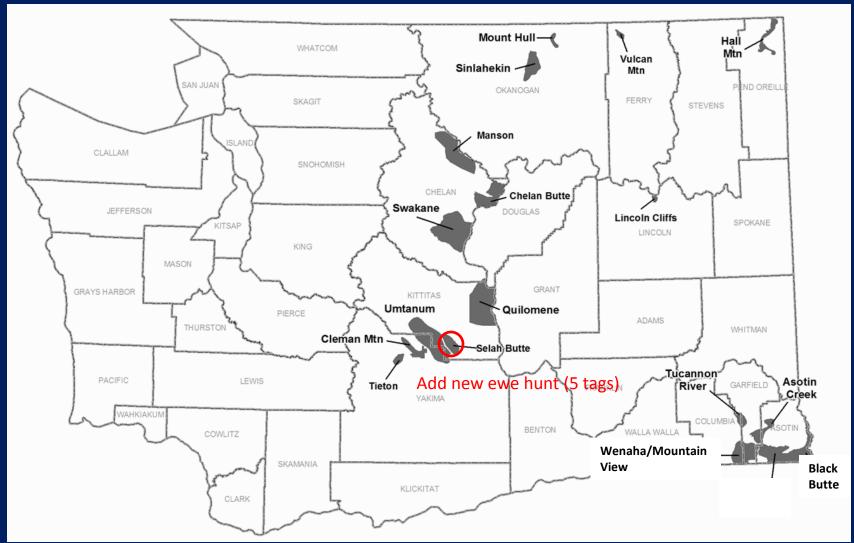

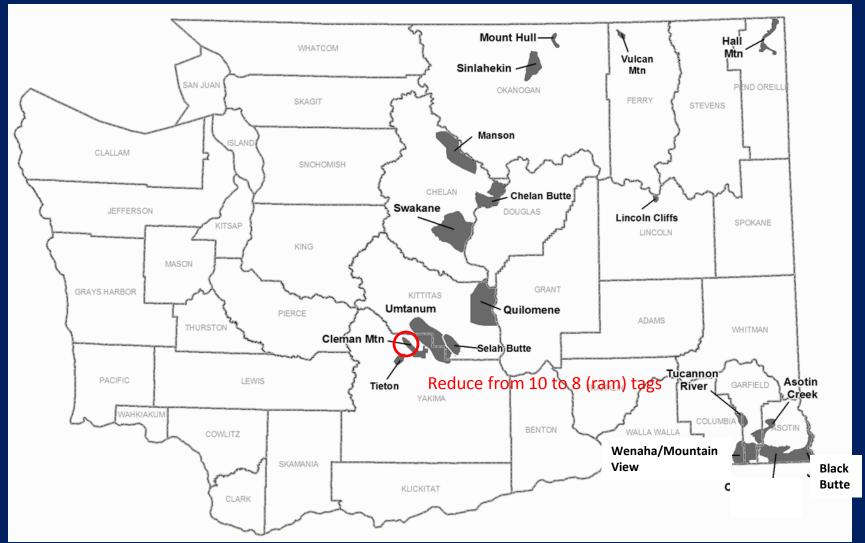

Additions to "Rocky Mtn" bighorn permits

232-28-623 Mountain goats

 Small revisions to permit numbers in existing mountain goat hunts

Responding to recent survey estimates and

Game Management Plan

Methow area: Mountain goats have either declined or moved -
