Meeting date: February 5-6, 2015

Agenda item: Lands 20/20 Acquisition Process - Briefing

Presenter(s): Cynthia Wilkerson, Land Conservation and Restoration Section
Manager, Wildlife Program
Lauri Vigue, Environmental Planner, Wildlife Program

Background summary:

In December 2014, a total of 2 potential acquisition projects have been identified as high priority acquisitions during the Lands 20/20 process. These projects have been approved to move forward to seek funding through a variety of acquisition grants. This early review provides the Commission with a review and background on the new proposals, as well as opportunities to hear early public input.

Policy issue(s) you are bringing to the Commission for consideration:

The protection of critical habitats and recreational access sties through fee title or conservation easement purchase. Project proposals based on the 2014 Lands 20/20 process, which will be submitted to potential funding sources available from federal and state grant sources are presented.

Public involvement process used and what you learned:

Public involvement has included Regional Director and staff coordination with local governments, a public review period (web based) and a public presentation of Annual State Land Acquisition Coordinating Forum (Forum) to be held in February. The Forum is a coordinated presentation of state agencies (DNR, DFW, Parks, the State Conservation Commission and the WSDOT) potential habitat and recreation acquisition projects forecasted for in the 2015-2017 biennium. The development of many of the projects has included a strong collaboration of conservation partners.

Action requested:

Request Commission review of the list of projects approved through the 2014 Lands 20/20; the Department will seek funding for projects approved in the Lands 20/20 process. If the Commission identifies issues with the proposed acquisition projects the final grant submittals will be modified. Comments are requested by February 27, 2015.
