Background

- WAC 220-412-070 provides for the long-established program of offering big game and wild turkey auction, raffle, and special incentive permits.
- Auction and raffle permits provide species-specific revenue to be used for management of those species.
- Incentive permits provide an incentive to hunters to report their hunting activity, before the mandatory reporting deadline.
- Recent events illuminated the need for clarification of the conditions of the permits pertaining to elk hunting.

Proposed Changes

- The proposed amendments clarify language pertaining to where auction, raffle, and special incentive permits can be used for elk.
- The amendment language also clarifies which types of elk are legal to harvest using these permits.

Motion Language

I move to amend WAC 220-412-070 as presented.
