Summary Sheet

Meeting dates: March 16 -17, 2018

Agenda item: Cougar Seasons – **Briefing and Public Hearing**

Presenter(s): Stephanie Simek, Carnivore and Furbearer Section Manager, Game Division, Wildlife Program

Background summary:

Staff will brief the Commission on proposed amendments to WAC 220-415-100 2018-2019 and 2019-2020 Cougar hunting seasons and regulations.

- Adjust season dates to indicate correct timeframe for 3-year season setting.
- Change the end of the general cougar season from April 30 to March 31.
- Adjust the end date for the early cougar season and the start date for the late cougar season.

These amendments will align the rules with the appropriate season dates, align the cougar season with the license year and thereby minimize potential for hunter confusion, and align the late cougar season start date with the closing date of the general deer and elk seasons for modern firearm and muzzleloader; with the exception of a few Master Hunter antlerless elk seasons that continue into January.

Policy issue(s) you are bringing to the Commission for consideration:

- Change dates to align within the 3-year season setting.
 - Change end of general season date to: 1) Minimize disturbance to ungulates that are stressed from winter and birthing, and 2) Minimize confusion and burden on hunters to buy two (2) licenses.
 - Change the end date for the early cougar season and the start date for the late cougar season. This proposed change: 1) aligns the early cougar season with the majority of the general deer and elk seasons; which allow deer and elk hunters to take a cougar without having to call the toll free line to determine if the area is open or not, 2) allows the late cougar season to begin December 16 which allows the department an earlier timeframe to manage the harvest guidelines and attempt to minimize potential of exceeding the harvest guidelines. Note: only a few Master Hunter antlerless elk hunts continue into January.
-

Fiscal impacts of agency implementation:

Minimal fiscal impacts beyond the status quo. During 2016, less than 15% of cougar hunters purchased their tags in the month of April; these sales generated \$1,600 in revenue.

Public involvement process used and what you learned:

The department conducted an extensive public involvement process to develop the 2018-2020 hunting season proposals. Six open house, public meetings were conducted throughout the state in July and August of 2017, to discuss a variety of issues with constituents. Concurrently, the public was asked to provide input on hunting seasons via the department website for a 6-week time period. The department emailed over 119,000 hunters notifying them of the website survey and encouraging them to participate. The department received over 1,250 responses related to carnivore and furbearer proposed rule changes. Using that information, the department determined which recommendations would move forward.

Action requested:

Take public comment. Adoption of rules is planned for the April 13-14, 2018 Commission meeting.

Draft motion language:

N/A – Briefing and public hearing only.

Justification for Commission action:

N/A – Briefing and public hearing only.

Post decision communications plan:

Hunting Regulations Pamphlet

Form revised 9/13/17

AMENDATORY SECTION (Amending WSR 17-05-112, filed 2/15/17, effective 3/18/17)

WAC 220-415-100 ((2016-2017 and 2017-2018)) 2018-2019 and 2019-2020 Cougar hunting seasons and regulations. (1) As used in this section and in the context of general cougar hunting seasons, "harvest guideline" means the estimated allowable harvest; the actual harvest may be less than or more than the harvest guideline.

(2) General cougar season is September 1 to April 30 (~~April 30~~) March 31 of the following year.

Season dates and harvest guidelines for each season:

Hunt Area	Harvest Guideline	Early Hunting Season	Late Hunting Season	Legal Weapon
GMUs 658, 660, 663, 672, 673, 681, 684, 699	9-12	Sept. 1 - Dec. 31 ((31)) 15 Dec. 31	((Jan. 1 - Apr. 30)) Dec. 16 - Mar. 31 Jan. 1 - Apr. 30	Any Legal Weapon
GMU 667	3-4	Sept. 1 - Dec. 31 ((31)) 15 Dec. 31	((Jan. 1 - Apr. 30)) Dec. 16 - Mar. 31 Jan. 1 - Apr. 30	Any Legal Weapon

(a) In hunt areas with a harvest guideline, the cougar late hunting season may close on or after January 1st (~~January 1st~~) ~~December 16th~~ in one or more GMUs if cougar harvest meets or exceeds the guideline.

(b) In hunt areas with a harvest guideline, starting January 1st (~~January 1st~~) ~~December 16th~~, cougar hunters may hunt cougar from January 1st (~~January 1st~~) ~~December 16th~~ until the hunt area harvest guideline has been met, and the department has notified licensed cougar hunters by posting the hunt area closure on the department's web site and on the toll-free cougar hunting hotline, or April 30th (~~April 30th~~) ~~March 31st~~, whichever occurs first.

(3) Harvest guideline system:

(a) All cougar killed by licensed hunters during the early and late hunting seasons, and seasons authorized under WAC 220-440-030 shall be counted toward the harvest guideline.

(b) Individual problem cougar will continue to be killed on an as-needed basis utilizing depredation permits, landowner kill permits, and WDFW depredation authority regardless of harvest guidelines.

(c) It is each cougar hunter's responsibility to verify if the cougar late hunting season is open or closed in hunt areas with a harvest guideline. Cougar hunters can verify if the season is open or closed by calling the toll-free cougar hunting hotline or visiting the department's web site.

(4) Cougar hunting season requirements and special restrictions.

(a) A valid big game hunting license which includes cougar as a species option is required to hunt cougar.

(b) The statewide bag limit is one (1) cougar per license year; excluding removals authorized under WAC 220-440-030. It is unlawful to kill or possess spotted cougar kittens or adult cougars accompanied by spotted kittens.

(c) The use of dogs to hunt cougar is prohibited; except by a commission authorized permit (WAC 220-440-030).

(d) Any person who takes a cougar must comply with the notification and sealing requirements in WAC 220-400-050.

(e) A special cougar permit is required to hunt cougar in GMU 485.

WAC 220-415-100 2018-2019 and 2019-2020 Cougar hunting seasons regulations.

RECOMMENDED ADJUSTMENTS

The following adjustments are proposed since the Code Reviser (CR 102) filing and are already included in your notebook.

Page 3-6

- Change: Section (2), (2)(a), and (2)(b) strike the proposed season date changes and revert to original language in rule.
- Rationale: The department has decided to allow cougar seasons to remain as they are currently. The department will consider additional scoping and review of cougar management strategies as well as including additional outreach regarding the current program.

Summary of Public Comments Received During the Official Comment Period and WDFW Response:

WAC 220-415-100 2018-2019 and 2019-2020 Cougar hunting seasons and regulations.

Supporting Comments:

There were 118 comments (116 online and 2 letters) submitted for this WAC proposal. Fourteen (14) were in support of the proposed changes. Eight (8) commenters either did not expand on their support or only further indicated their support. Three (3) commenters suggested raising quotas. One (1) commenter suggested opening the cougar season on August 1. One (1) commenter stated the current rule was too confusing. One (1) commenter further suggested amending the regulations to include mandatory reporting within 24 hours so that during the late hunting season the department “shall” close the season once the maximum quota is reached versus “may” close the season.

Opposing, Neutral, and Other Comments:

There were 104 comments that were neutral (7) or opposed (97). Twenty-three (23) commenters were generally opposed with most stating preference to leave seasons as they are currently. Seventy-three (73) comments were received stating a preference for increasing quotas and extending seasons. Several of these 73 comments suggested allowing year-round hunting, night hunting, or creating one season. Two (2) commenters suggested more research and another suggested complete closure of hunting cougar. Five (5) commenters specifically mentioned allowing the use of hounds to hunt cougar.

Direction and Rationale:

The department will not move forward with the recommendation to the Fish and Wildlife Commission. The department will consider additional scoping and review of cougar management strategies as well as including additional outreach regarding the current program. The department will propose the cougar seasons and quotas remain as currently identified.

Purpose of the proposal and its anticipated effects, including any changes in existing rules:

WAC 220-400-050 Requirements for sealing of pelts and collection of biological information for river otter, cougar, lynx, and bobcat.

The purpose of the proposal is to simplify the sealing requirements for bobcat and cougar pelts by aligning the date for sealing bobcat with the last date of trapper reporting and by requiring cougar pelt sealing to occur within 72 hours of harvest. The proposed changes align the dates for pelt sealing each species, regardless of method or reporting of harvest.

WAC 220-410-040 Game management units (GMUs) boundary descriptions-Region four.

The purpose of the proposal is to clarify boundary language as it pertains to Game Management Unit 485 Green River. The existing language can be somewhat complicated. The proposed changes take advantage of the well-marked boundaries of the watershed which are identical to the GMU boundary.

WAC 220-410-050 Game management units (GMUs) boundary descriptions-Region five.

The purpose of the proposal is to clarify boundary language as it pertains to Game Management Units 522 Loo Wit and 560 Lewis River. The proposed changes clarify directional movements on established roads that make up the boundaries.

WAC 220-412-070 Big game and wild turkey auction, raffle, and special incentive permits.

This proposal replaces GMU 172 with GMU 169 for the Rocky Mountain bighorn sheep raffle permit holder.

WAC 220-412-080 Special hunting season permits.

This proposal revises wording in the "once in a lifetime" part of special hunting permits for moose, to reflect the proposed change in hunt categories from "any moose" to "antlered bull moose." Any "point" accumulated under the "any moose" category will be transferred to the "antlered bull moose" category.

Additionally applicants for special hunting season permits will be required to either complete hunter education prior to submitting a permit application, or be exempt from the hunter education requirement.

WAC 220-412-100 Landowner hunting permits.

This proposal modifies hunt dates on properties enrolled in WDFW's Landowner Hunting Permit (LHP) program for the 2018 hunting seasons. These sites offer special hunting opportunities to the public through permits issued by WDFW, raffles, or selection by the landowner.

WAC 220-413-030 Importation and retention of dead nonresident wildlife.

The proposal will ban the importation and retention of specific parts of dead nonresident wildlife that could contain Chronic Wasting Disease (CWD) from Montana. Specific circumstances are fully set forth in WAC 220-413-030 to include the state of Montana.

WAC 220-413-070 Hunting with aid of aircraft, boats or other vehicles.

The purpose of this proposal is to add unmanned aircraft to the rule that restricts the use of aircraft, boats, or other types of vehicles to hunt, spot, or harass wildlife.

WAC 220-413-100 Mandatory report of hunting activity.

The proposal will change the reporting deadline for brant, sea duck, and snow goose to March 20 following the season for which the harvest card was issued, and adds a harvest report card requirement for the SW Canada Goose special species authorization.

WAC 220-413-180 Special closures and firearm restriction areas.

The purpose of the proposal is to modify restrictions in the Special Closures and Firearm Restriction rule by:

Adding mountain goat as an exception to the hunting restriction in GMU 522.

Clarifying and adding exceptions to the firearm restriction that exists in a portion of GMU 652.

Removing a firearm restriction area in Kitsap County that is no longer needed.

WAC 220-414-060 Muzzleloading firearms.

The purpose of the proposal is to eliminate the restriction that disallows the use of primers, designed for modern cartridges in the firearms ignition system, during muzzleloader hunting seasons. Such a rule change will allow more technologically advanced muzzleloaders to be used during muzzleloader seasons.

WAC 220-414-080 Hunting—Hunter orange clothing requirements.

This proposal adds turkey to the hunter orange rule and requires turkey hunters that are hunting during a modern deer or elk firearm season to wear florescent orange.

WAC 220-415-010 Deer area descriptions.

The purpose of the proposal is to eliminate the three Deer Areas surrounding Spokane and the Colfax Deer Area that are either ineffective or no longer needed and add the North Issaquah Deer Area in King and Snohomish Counties to help mitigate deer conflict issues. Deer Areas allow the department to focus deer hunting pressure on a smaller scale than the Game Management Unit. Deer Areas help expand hunting opportunity that would normally not be available. Deer Areas also help accommodate wildlife conflict mitigation using hunting as a tool.

WAC 220-415-020 2015-2017 Deer general seasons and definitions.

The purpose of this proposal is to retain general season deer hunting opportunity for 2018-2020. In addition, the purpose of the proposal is to balance the hunting opportunity between user groups. The proposal also increases the opportunity when deer populations allow, and reduces the opportunity when declining deer numbers warrant a change.

WAC 220-415-030 2017 Deer special permits.

The purpose of this proposal is to retain special permit deer hunting opportunity for 2018. In addition, the purpose of the proposal is to balance the hunting opportunity between user groups. The proposal also increases the opportunity when deer populations allow, and reduces the opportunity when declining deer numbers warrant a change.

WAC 220-415-040 Elk area descriptions.

The purpose of the proposal is to add new Elk Areas or adjust the boundaries of existing Elk Areas. Elk Areas allow the department to focus elk hunting pressure on a smaller scale than the Game Management Unit. Elk Areas help expand hunting opportunity that would normally not be available. Elk Areas also help accommodate wildlife conflict mitigation using hunting as a tool.

WAC 220-415-050 2015-2017 Elk general seasons and definitions.

The purpose of this proposal is to retain general season elk hunting opportunity for 2018-2020. In addition, the purpose of the proposal is to balance the hunting opportunity between user groups. The proposal also increases the opportunity when elk populations allow, and reduces the opportunity when declining elk numbers warrant a change.

WAC 220-415-060 2017 Elk special permits.

The purpose of this proposal is to retain elk special permit hunting opportunity for 2018. The purpose is also to balance the elk hunting opportunity between user groups. The proposal also increases elk hunting opportunity when elk populations allow, and reduces elk hunting opportunity when declining elk numbers warrant a change.

WAC 220-415-070 2017 Moose seasons, permit quotas, and areas.

The purpose of this proposal is to remove hunt category "any moose," replacing it with "any antlered bull moose;" require successful moose hunters to submit an incisor tooth by mail to WDFW for ageing; add "or archery" to the list of permitted weaponry for moose hunting in the Parker Lake special hunt area; and changes in permit levels.

WAC 220-415-080 2018 Spring black bear seasons and regulations.

The purpose of the proposed amendments is to align the rules with the appropriate season dates; require a bear identification test for hunters that will hunt within grizzly bear recovery areas as identified by the department; expand the biological samples that may be collected by the department; and include results for failure to report or comply with the conditions of the rule.

WAC 220-415-090 2015-2017 Fall black bear hunting seasons and regulations.

The purpose of the proposed amendments is to align the rules with the appropriate season dates; remove game management units that do not have resident bear populations; require a bear identification test for hunters that will hunt within grizzly bear recovery areas as identified by the department; expand the biological samples that may be collected by the department; and include results for failure to report or comply with the conditions of the rule.

WAC 220-415-100 2016-2017 and 2017-2018 Cougar hunting seasons and regulations.

The purpose of the proposed amendments is to align the rules with the appropriate season dates; align the cougar season with the license year and thereby minimize potential confusion by hunters; and align the late cougar season start date with the closing date of the general deer and elk seasons for modern firearm and muzzleloader with the exception of a few Master Hunter antlerless elk seasons that continue into January.

WAC 220-415-120 2017 Bighorn sheep seasons and permit quotas.

The purpose of the proposal is to initiate modest ewe (bighorn sheep female) harvests in two separate areas of the Lincoln Cliffs bighorn sheep populations. Additionally, increase harvest of both rams and ewes in the Chelan Butte population.

WAC 220-415-130 2015-2017 Mountain goat seasons and permit quotas.

The purpose of the proposal is to require holders of mountain goat hunting permits to pass an online test of their ability to distinguish mountain goats by gender (i.e., billy vs. nanny) before they would be allowed to purchase their mountain goat hunting license; establish new mountain goat hunting seasons in Mt. Margaret back-country, and Mt. St. Helens South (one permit in each area); and split the existing Goat Rocks mountain goat hunt area into two contiguous areas.

WAC 220-416-010 2015-16, 2016-17, 2017-18 Small game and other wildlife seasons and regulations.

The purpose of the proposal is to make date adjustments related to calendar changes; extend the fall turkey season in GMUs 101-154 and 162-186; remove the draw permits from Klickitat County and opens GMUs within that county to general season hunting; and prohibit night hunting in GMUs that fall within the lynx management zones as identified by the department.

WAC 220-416-060 2017-2018 Migratory waterfowl seasons and regulations.

The purpose of the proposal is to specify legal season dates and bag limits for the 2018-2019 season.

WAC 220-440-030 Public Safety Cougar Removals.

This proposal changes the current Public Safety Cougar Removal from a hunting opportunity authorizing the use of hounds, when certain conditions are met, to a permit program to provide training opportunities for owners of "working dogs" who are often summoned by WDFW Law Enforcement to assist in resolving wildlife conflict issues. If approved, this new program will allow working dogs and their owners the non-lethal pursuit of cougars under the conditions of a training permit.

Reasons supporting proposal:

WAC 220-400-050 Requirements for sealing of pelts and collection of biological information for river otter, cougar, lynx, and bobcat.

The proposed amendments will make the sealing requirements consistent for each species and thereby easily understood by user groups. The proposed changes will also make managing cougar hunt unit closures more efficient and timely.

WAC 220-410-040 Game management units (GMUs) boundary descriptions-Region four.

The proposed amendments will make the boundaries more discernable for hunters. The proposed changes will also make enforcement of hunting season rules and trespass rules more straightforward.

WAC 220-410-050 Game management units (GMUs) boundary descriptions-Region five.

The proposed amendments will make the boundaries more discernable for hunters. The proposed changes will also make enforcement of hunting season rules more straightforward.

WAC 220-412-070 Big game and wild turkey auction, raffle, and special incentive permits.

The proposed amendments will redirect hunters from a small herd that has few mature rams to a herd that can more easily support removal of a large-sized ram.

WAC 220-412-080 Special hunting season permits.

The proposed amendments will maintain consistency with proposed changes in the WAC 220-415-070 and requirements elsewhere in WAC that applicants for special permits possess the necessary qualifications to hunt under that permit should they be drawn.

WAC 220-412-100 Landowner hunting permits.

Several years ago, the Fish and Wildlife Commission developed a policy to expand the private lands available to the general public for hunting. One of the programs that was authorized is the Landowner Hunting Permit Program. This program encourages landowners to provide opportunity to the general hunter in exchange for customized hunting seasons and the ability to generate funding to offset the cost of providing public access.

WAC 220-413-030 Importation and retention of dead nonresident wildlife.

Because Montana has identified chronic wasting disease in wild free ranging deer, the department seeks to mitigate the risk to public health and safety by adding the state of Montana to WAC 220-413-030.

WAC 220-413-070 Hunting with aid of aircraft, boats or other vehicles.

Small unmanned aircraft have become a part of modern culture. Unmanned aircraft use is pervasive. In the same spirit of hunting ethics that inspired the Fish and Wildlife Commission to promulgate a rule that restricts the use of vehicles, aircraft, or boats to hunt or harass wildlife, the department feels that unmanned aircraft should be specifically called out and added to this rule.

WAC 220-413-100 Mandatory report of hunting activity.

Two proposed amendments of WAC 220-416-060 require changing the February 15 deadline date. The proposal to move 12-days of the snow goose hunting season in Goose Management Area 1 (Skagit and Snohomish Counties) would have the goose season ending at the end of February (February 27, 2019). Additionally, the requirement of a mandatory harvest report for goose hunting in Goose Management Area 2-Coast and Inland (Clark, Cowlitz, Grays Harbor, Pacific, and Wahkiakum Counties) has to accommodate goose hunting seasons that can extend to March 10 in some years. To minimize confusion, all waterfowl-related reporting deadlines would be changed to March 20.

WAC 220-413-180 Special closures and firearm restriction areas.

Reasons for supporting the rule include expanding mountain goat hunting opportunity; accommodating both firearm restriction needs and wildlife conflict mitigation; and adding flexibility to hunting seasons when restrictions are no longer necessary.

WAC 220-414-060 Muzzleloading firearms.

The Fish and Wildlife Commission requested that the department reach out to the hunting public and get their opinion on the use of modern cartridge primers on muzzleloading firearms during muzzleloader season. Deer and elk hunters were polled, and the majority of the respondents were in favor of allowing the more modern primers.

WAC 220-414-080 Hunting—Hunter orange clothing requirements.

This proposal is meant to increase safety. Turkey seasons in the past did not overlap with modern deer or elk firearm seasons. New proposals to control growing turkey populations make it necessary to overlap those seasons. This recommended rule adjustment provides consistency. All other species hunters are already required to wear hunter orange during modern deer or elk firearm season. This proposal adds turkey hunters to that list.

WAC 220-415-010 Deer area descriptions.

The proposed amendments will allow the department to use hunting as a management tool and expands deer hunting opportunity.

WAC 220-415-020 2015-2017 Deer general seasons and definitions.

This proposal provides for recreational deer hunting opportunity and protects deer from overharvest. The proposal would maintain sustainable general deer hunting season opportunities for 2018-2020. In addition, the proposal allows for the use of hunting as a management tool, helps address deer agricultural damage problems, and provides for deer population control when needed.

WAC 220-415-030 2017 Deer special permits.

This proposal provides for recreational deer hunting opportunity and protects deer from overharvest. The proposal would also maintain sustainable deer special permit hunting season opportunities for 2018. The proposal helps address deer agricultural damage problems and provides for deer population control when needed.

WAC 220-415-040 Elk area descriptions.

The proposed amendments allow the department to use hunting as a management tool and expands elk hunting opportunity.

WAC 220-415-050 2015-2017 Elk general seasons and definitions.

The proposal provides for recreational elk hunting opportunity and protects elk from overharvest. The proposal would maintain sustainable general elk hunting season opportunities for 2018-2020. The proposal helps address elk agricultural damage problems and provides for elk population control when needed.

WAC 220-415-060 2017 Elk special permits.

This proposal provides for recreational elk hunting opportunity and protects elk from overharvest. The proposal would maintain sustainable elk special permit hunting opportunity for 2018. The proposal helps address elk agricultural damage problems and provides for elk population control when needed.

WAC 220-415-070 2017 Moose seasons, permit quotas, and areas.

We expect the moose population in Northeastern Washington to stabilize or decline over the next few years. Being able to predict whether males (bulls) or females (cows) will be taken in any given hunt is important to managers. Almost all holders of "any moose" permits attempt to take bulls. Accumulated points held in the "any moose" category would be transferred to the new "any antlered bull moose" category; the definition of "antlered bull moose" would require the presence of "visible antlers." Public support for this proposal was high.

Models currently under development by WDFW to understand moose population trajectory require knowing the age of harvested moose. WDFW currently requests successful hunters to extract a tooth and send it to WDFW in a supplied envelope. However, compliance with the currently voluntary request is variable, and response is likely biased. Incorporating this request in rule should increase compliance, increasing the accuracy and precision of our monitoring models.

In response to a hunter's question from 2017, we realized that, unlike other 'muzzleloader hunts' offered for other species, we had not indicated that 'archery' – considered a lesser-capable weapon – could also be used in the muzzleloader season. WDFW received approval from The United States Air Force on this change.

Recent work has strongly suggested that moose have begun declining in abundance in most areas. We also received considerable support from the public for reducing "Youth only" hunts. Most of these specific changes reduce "antlerless moose" permits, particularly in WDFW District 2, where harvest rates have been relatively high. In response to suggestions from Enforcement, we would eliminate the Master Hunter moose permits, which have only been used a handful of times in the past decade, due to the difficulty of finding an appropriate situation. This would reduce expectation among Master Hunters for an opportunity, which, in reality, has rarely been realized.

WAC 220-415-080 2018 Spring black bear seasons and regulations.

The proposed amendments will announce the appropriate season dates, assist in lessening the likelihood of incidental take of grizzly bear, bring awareness to hunters, create stewardship of resources managed by other government agencies, and provide the department with the ability to collect biological samples which further assist managing bear populations.

WAC 220-415-090 2015-2017 Fall black bear hunting seasons and regulations.

The proposed amendments will announce the appropriate season dates, assist hunters by providing opportunities where they exist, assist in lessening the likelihood of incidental take of grizzly bear, bring awareness to hunters, create stewardship of resources managed by other government agencies, and provide the department with the ability to collect biological samples which further assist managing bear populations.

WAC 220-415-100 2016-2017 and 2017-2018 Cougar hunting seasons and regulations.

The proposed amendments will announce the appropriate season dates; assist in minimizing disturbance to ungulates that are already stressed from winter and birthing; minimize confusion and burden on hunters to buy two licenses; allow hunters who are deer and elk hunting to take a cougar through December 15 without having to call the toll free line to determine if the area is open or not; provide the department an earlier timeframe to manage the harvest guidelines; and attempt to minimize potential of exceeding the harvest guidelines.

WAC 220-415-120 2017 Bighorn sheep seasons and permit quotas.

Where bighorn sheep graze frequently on private, agricultural lands, public tolerance for them can be compromised. Because we have no current place to translocate these sheep, a ewe-only hunt is recommended.

The Chelan Butte bighorn sheep population has also grown, providing opportunity for hunters interested in taking rams (we propose a split season, early and late). Because this herd is situated close to small farms and rural residences, the risk of contact between bighorns and domestic sheep and goats is high. One action the department can take to manage this risk is to halt the slow down or halt the growth of the herd through increased provision of ewe permits.

WAC 220-415-130 2015-2017 Mountain goat seasons and permit quotas.

Mountain goat populations are sensitive to harvest of females, but identification of gender in the field is difficult. The department currently provides training videos and pamphlets to successful applicants for mountain goat hunting permits, but has no way of ensuring that these materials are used. The department proposes adding an online gender identification test that permit holders would be required to pass before being allowed to purchase a mountain goat hunting license. A passing score would be 80%, and permit holders could re-take the test as often as needed until they achieved a passing score.

We now have reliable surveys indicating that goats inhabiting the Mt. St. Helens and Mt. Margaret areas are sufficiently abundant to sustain a conservative hunt. Thus, new hunts are proposed in this area.

The conflict reduction hunt in the East Olympic Mountains remains in the proposed WAC revision as of 12/20/2017, but we hope to remove it prior to the March Commission meeting if we have more certainty that the multi-agency translocation project will commence in 2018. If agencies are moving goats from the Olympic Mountains, it would be inappropriate to provide hunters with the expectation that there would be goats for hunters to pursue in those same places.

The department's data suggests that mountain goat hunting in the Goat Rocks area has been sustainable, but almost all mountain goats taken have come from the more accessible portions of the area. Splitting the existing hunt area in two (and allocating permits approximately proportionally) would distribute harvest pressure more evenly among goats in the greater population.

WAC 220-416-010 2015-16, 2016-17, 2017-18 Small game and other wildlife seasons and regulations.

Annual shifts in the calendar require adjustment.

Turkey populations in those GMUs are high, causing crop and property damage. The proposed change will lengthen the fall season to facilitate additional turkey harvest and help mitigate those problems.

The turkey population in Klickitat County is doing well enough to support a general season hunting opportunity. In the past hunting in those GMUs were by draw permit only. The recommended change will do away with the draw permits and opens those GMUs to general season hunters.

A bobcat hunter mistakenly harvested a collared lynx at night last year. It is very difficult to differentiate the two species with artificial light or night vision equipment. The recommended rule change will help conserve the few lynx that exist in the lynx management zones by making it illegal to night hunt in the GMUs that fall within those zones.

WAC 220-416-060 2017-2018 Migratory waterfowl seasons and regulations.

Waterfowl seasons and regulations are developed based on cooperative management programs among states of the Pacific Flyway Council and the U.S. Fish and Wildlife Service, considering population status and other biological parameters. The rule establishes waterfowl seasons and regulations to provide recreational opportunity, control waterfowl damage, and conserve the waterfowl resources in Washington.

WAC 220-440-030 Public Safety Cougar Removals.

WDFW is often called upon to address wildlife conflict issues involving cougar and other species of wildlife. The issues include both public safety and the protection of property. This commonly requires assistance from local citizens who own working dogs (commonly known as hounds), that are especially capable of, and trained for, the detection, tracking, and treeing cougar. Due to broad hunting restrictions, working dogs are limited in access to training opportunities. Working dogs must be kept in peak physical condition in order to be effective. Young dogs require training in order to be of use. The current Public Safety Cougar Removal program was implemented as a pilot and has not been effective in addressing its original intent. Both the Law Enforcement and the Wildlife Programs support this concept. Representatives from The Humane Society of the United States and Conservation Northwest have been involved in creating this proposal and are in support.

Statutory authority for adoption: RCW 77.04.012, 77.04.013, 77.04.020, 77.04.055, 77.12.020, 77.12.040, 77.12.047, 77.12.150, 77.12.210, 77.12.240, 77.12.320, 77.12.570, 77.12.800, 77.15.245, 77.32.007, 77.32.050, 77.32.070, 77.32.090, 77.32.370, and 77.32.530.

Statute being implemented: RCW 77.04.012, 77.04.013, 77.04.020, 77.04.055, 77.12.020, 77.12.040, 77.12.047, 77.12.150, 77.12.210, 77.12.240, 77.12.320, 77.12.570, 77.12.800, 77.15.245, 77.32.007, 77.32.050, 77.32.070, 77.32.090, 77.32.370, and 77.32.530.

Is rule necessary because of a:

- Federal Law? Yes No
Federal Court Decision? Yes No
State Court Decision? Yes No

If yes, CITATION:

Agency comments or recommendations, if any, as to statutory language, implementation, enforcement, and fiscal matters: None.

No: Please explain: The rule proposal does not require a cost-benefit analysis and does not affect hydraulics.

Regulatory Fairness Act Cost Considerations for a Small Business Economic Impact Statement:

This rule proposal, or portions of the proposal, **may be exempt** from requirements of the Regulatory Fairness Act (see chapter 19.85 RCW). Please check the box for any applicable exemption(s):

This rule proposal, or portions of the proposal, is exempt under RCW 19.85.061 because this rule making is being adopted solely to conform and/or comply with federal statute or regulations. Please cite the specific federal statute or regulation this rule is being adopted to conform or comply with, and describe the consequences to the state if the rule is not adopted.

Citation and description:

This rule proposal, or portions of the proposal, is exempt because the agency has completed the pilot rule process defined by RCW 34.05.313 before filing the notice of this proposed rule.

This rule proposal, or portions of the proposal, is exempt under the provisions of RCW 15.65.570(2) because it was adopted by a referendum.

This rule proposal, or portions of the proposal, is exempt under RCW 19.85.025(3). Check all that apply:

RCW 34.05.310 (4)(b)

RCW 34.05.310 (4)(d)
(Correct or clarify language)

RCW 34.05.310 (4)(g)
((i) Relating to agency hearings; or (ii) process requirements for applying to an agency for a license or permit)

This rule proposal, or portions of the proposal, is exempt under RCW 19.85.025 (4).

Explanation of exemptions, if necessary: Proposed rule does not affect small businesses.

COMPLETE THIS SECTION ONLY IF NO EXEMPTION APPLIES

If the proposed rule is **not exempt**, does it impose more-than-minor costs (as defined by RCW 19.85.020(2)) on businesses?

No Briefly summarize the agency's analysis showing how costs were calculated. _____

Yes Calculations show the rule proposal likely imposes more-than-minor cost to businesses, and a small business economic impact statement is required. Insert statement here:

The public may obtain a copy of the small business economic impact statement or the detailed cost calculations by contacting:
