2003-04 HUNTING LICENSE FEES

Licenses are issued on a uniform April 1 through March 31 cycle rather than by calendar year. You may purchase a hunting license at hunting and fishing license dealerships, by using a toll free telephone number 1-866-246-9453, or through the internet at www.fishhunt.dfw.wa.gov. Fees below include a 9.5% transaction fee. The hunting package is divided into big game and small game licensing options.

Big Game - The big game package contains five options. All prices include license and tags. Forest grouse and unclassified wildlife (including coyote) may be hunted with either a small game or big game license purchase.

Small Game - The small game license allows the holder to hunt for wild animals and wild birds, except big game. The small game license includes one transport tag for turkey and includes a prorated surcharge for Eastern Washington pheasant enhancement. There are additional charges for the second and third turkey tags, Western Washington pheasant permits, and migratory bird validations.

MIGRATORY BIRD HUNTING LICENSE REQUIREMENTS

Species	Adult	Youth (under 16)
Duck, goose	Small game license, federal stamp, state validation	Small game license, free state validation
Dove, band-tail, coot, snipe	Small game license, state validation	Small game license, free state validation

In addition to a small game license, all hunters of migratory game birds (ducks, geese, doves, coots, and snipe) are required to complete a Harvest Information Program (HIP) survey at a license dealer, and possess a state migratory bird validation as evidence of compliance with this requirement when hunting migratory game birds. All duck and goose hunters 16 and over must also possess a federal migratory bird stamp, signed in ink across the front. Federal stamps can be purchased at selected license dealers, all post offices, all National Wildlife Refuges, by calling 1-800-STAMP24, or ordered online at, <http://duckstamps.fws.gov>. State migratory bird validations and stamps can be purchased through license dealers.

This pamphlet is a summary of the hunting seasons and regulations (chapters 232-12, 232-16 and 232-28 of the Washington Administrative Code) adopted by the Washington Fish and Wildlife Commission. This pamphlet does not contain nor is it intended to contain all department regulations. Regulations specific to the hunting seasons described in this pamphlet are found in sections 232-28-427 and 232-28-341 of the Washington Administrative Code.

CAUTION: Emergency regulation changes may occur while the seasons described in this pamphlet are in effect and will supersede information contained herein. Area news media will be informed of changes as they occur.

DECOY RESTRICTIONS

It is unlawful to hunt waterfowl with the use of battery powered or other electronic devices as decoys.

ADDITIONAL REQUIREMENTS 2003-2004 MIGRATORY WATERFOWL SEASONS

GOOSE MANAGEMENT AREA 1

WRITTEN AUTHORIZATION REQUIRED TO HUNT SNOW GEESE. All persons hunting snow geese in this management area are required to obtain a written authorization and Harvest Report from the WDFW (snow goose hunters in other parts of the state are exempt from this requirement). Hunters who held a 2002-03 authorization and returned the Harvest Report prior to the deadline will be mailed a 2003-04 authorization in early October. Hunters who did not possess a 2002-03 authorization, or do not have a WILD ID, must fill out an application (available at WDFW Olympia and regional offices). **Application forms must be delivered to a Department office no later than September 25 or postmarked on or before September 25 in order for applicants to be mailed a 2003-04 authorization before the season starts. No applications will be accepted after October 31, 2003.** Immediately after taking a snow goose into possession, hunters must record in ink the information required on the Harvest Report. By January 31, 2004, hunters must return the harvest report to WDFW, or report harvest information on the department's internet reporting system. Hunters failing to comply with reporting requirements will be ineligible to participate in the 2004-05 snow goose season.

WASHINGTON WATERFOWL ADVISORY GROUP

The Washington Waterfowl Advisory Group (WAG) was formed by WDFW in early 2003 to increase citizen involvement in the management of Washington's waterfowl resources. WDFW received over 40 applications for participation on the group, and selected 21 members from a broad representation of waterfowl hunters throughout the state. The group has had two meetings to provide advice to the department on a variety of topics, including planned expenditures of 2003-05 state migratory bird stamp revenues, 2003-04 waterfowl seasons, public access, and other topics. To learn more about the WAG or to contact a representative in your area, please contact the WDFW Waterfowl Section at (360) 902-2515.

GOOSE MANAGEMENT AREAS 2A AND 2B

The Canada goose season for Western Washington Goose Management Areas 2A and 2B will be closed early if dusky Canada goose harvests exceed area quotas which collectively total 80 geese. The Fish and Wildlife Commission has authorized the Director to implement emergency area closures in accordance with the following quotas: A total of 80 dusky, to be distributed 10 for Zone 1 (Ridgefield NWR); 25 for Zone 2 (Cowlitz County south of the Kalama River); 20 for Zone 3 (Clark County private lands); 10 for Zone 4 (Cowlitz County north of the Kalama River and Wahkiakum County); 10 for Zone 5 (Pacific County); and 5 for Zone 6 (Grays Harbor County). Quotas may be shifted to other zones during the season to optimize use of the statewide quota and minimize depredation.

Goose hunting is only permitted by written authorization from WDFW. Hunters who maintained a valid 2002-03 written authorization will be mailed a 2003-04 authorization card prior to the 2003-04 season. New hunters, those who do not have a WILD ID, and those who did not maintain a valid 2002-03 authorization must review goose identification training materials and demonstrate adequate performance on a goose identification test to receive written authorization. Information on training materials and testing dates/locations is on page 7.

With written authorization, hunters will receive a Harvest Report. Hunters must carry the authorization card and Harvest Report while hunting. Immediately after taking a Canada goose (dusky, lesser/Taverner, cackling, or other subspecies) into possession, hunters must record in ink the information required on the Harvest Report. Hunters must go directly to the nearest check station and have geese tagged when leaving a hunt site, before 6:00 p.m. If a hunter takes the season bag limit of one dusky Canada goose or does not comply with requirements listed above regarding checking of birds and recording harvest on the Harvest Report, written authorization will be invalidated and the hunter will not be able to hunt in Western Washington Goose Management Areas 2A & 2B for the remainder of the season and the Special Late Canada Goose Season. It is unlawful to fail to comply with all provisions listed above for Western Washington Goose Management Areas 2A & 2B.

GOOSE MANAGEMENT AREAS 2A & 2B SPECIAL LATE CANADA GOOSE SEASON

Open to Washington Department of Fish and Wildlife Advanced Hunter Education (AHE) program graduates and youth hunters (15 years of age or under, who are accompanied by an AHE hunter) possessing a valid 2003-04 southwest Washington Canada goose hunting authorization. Hunters qualifying for the season will be placed on a list for participation in this hunt. WDFW will assist landowners with contacting qualified hunters to participate in damage control hunts on specific lands incurring goose damage. Participation in this hunt will depend on the level of damage experienced by local landowners.

Open in goose damage areas in Western Washington Goose Management Areas 2A & 2B on selected dates within the following period from 7:00 a.m. to 4:00 p.m.: Saturdays and Wednesdays, Jan. 31-March 10, 2004.

Daily bag limit: 4 Canada geese, to include not more than 1 dusky Canada goose.

Possession limit: 8 Canada geese, to include not more than 1 dusky Canada goose.

Season limit: 1 dusky Canada goose.

A dusky Canada goose is defined as a dark-breasted Canada goose (as shown in the Munsell color chart 10 YR, 5 or less) with a culmen (bill) length of 40-50 mm.

The Special Late Canada Goose Season will be closed by emergency action if the harvest of dusky Canada geese exceeds 85 for the regular and late seasons. All provisions listed above for Western Washington Goose Management Areas 2A & 2B regarding authorization, harvest reporting, and checking requirements also apply to the special Late Canada Goose Season, except hunters must confirm their participation at least 24 hours in advance, and hunters must check out by 5 p.m. each day, regardless of success.

GOOSE MANAGEMENT AREAS 2A & 2B

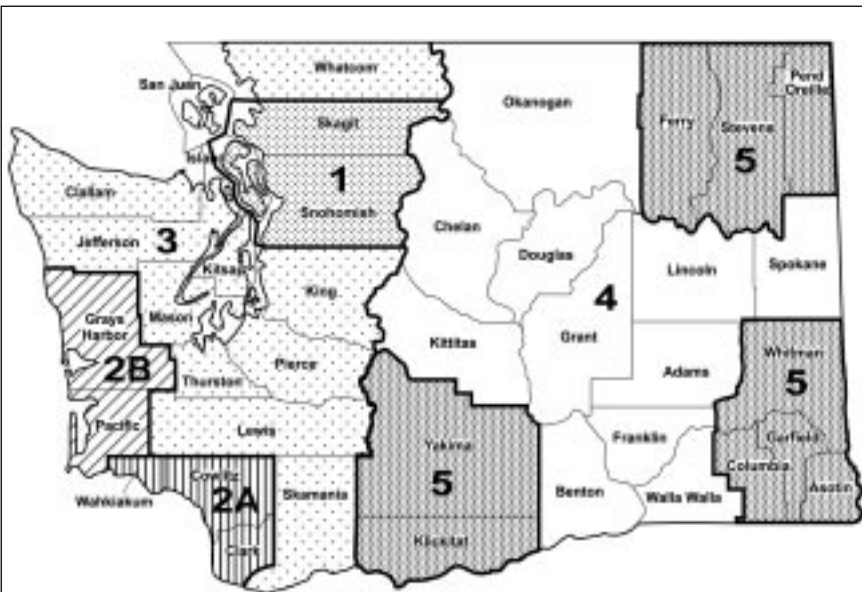

GOOSE IDENTIFICATION TRAINING MATERIALS AND TESTING SCHEDULE

Training materials necessary to pass the goose identification test required for Goose Management Area 2A and 2B consist of a home study booklet and a one hour videotape, both titled "Pacific Northwest Goose Management." The booklet is available at the Olympia and regional offices of WDFW, and the videotape is available through Videoland Productions, Inc., 805 College Street SE, Lacey, WA 98503, at a cost of \$10.00, including shipping and tax. Videoland Productions, Inc. accepts major credit cards, checks, and money orders. Their toll free number is 1-800-861-1342, the commercial number is 1-360-491-1332, the fax is (360) 491-1333, or website <http://www.cco.net/~vland>.

Goose identification testing will be conducted at designated locations throughout western Washington. New hunters, those who do not have a WILD ID, and those who had 2002-03 hunting authorizations invalidated for goose management area 2 will be expected to attend one of these testing sessions and pass an exam with a minimum of 80% to receive their 2003-04 hunting authorization. Hunters who fail a test must wait 28 days before retesting, and will not be issued a reciprocal authorization until that time.

BIRD BAND REPORTING

You can now report federal migratory bird bands by calling a toll-free number: 1-800-327-BAND. Calls can be made 24 hours a day, and you will receive information on when and where the bird was banded. Please use this number to report federal migratory bird bands only (no upland birds or private bands). Bands can also be reported to www.pwrc.usgs.gov/bbl.

BRANT

WRITTEN AUTHORIZATION REQUIRED: All hunters participating in this season are required to obtain a written authorization and Harvest Report from the WDFW. Hunters who held a 2002-03 authorization and reported harvest prior to the deadline will be mailed a 2003-04 authorization. Hunters who did not possess a 2002-03 authorization, or do not have a WILD ID, must fill out an application (available at WDFW offices). **Application forms must be delivered to a WDFW office no later than 5:00 p.m. on November 8 or postmarked on or before November 8; after which applicants will be mailed a 2003-04 authorization. Late applications will not be accepted.** Immediately after taking a brant into possession, hunters must record in ink the information required on the Harvest Report. By January 31, 2004, hunters must return the harvest report to WDFW, or report harvest information on the department's internet reporting system. Hunters failing to comply with reporting requirements will be ineligible to participate in the 2004-05 brant season.

BAND-TAILED PIGEON

WRITTEN AUTHORIZATION REQUIRED: All persons hunting band-tailed pigeons in this season are required to obtain a written authorization and harvest report from the WDFW. Hunters who held a 2002 authorization and returned the Harvest Report prior to the deadline will be mailed a 2003 authorization before the season. Hunters who did not possess a 2003 authorization must fill out an application (available at WDFW Olympia and regional offices). **Application forms must be delivered to a department office no later than August 28 or postmarked on or before August 28 in order for applicants to be mailed a 2003 authorization before the season starts.** Immediately after taking a band-tailed pigeon into possession, hunters must record in ink the information required on the harvest report. By September 30, 2003, hunters must return the harvest report to WDFW, or report harvest information on the department's internet reporting system. Hunters failing to comply with reporting requirements will be ineligible to participate in the 2004 band-tailed pigeon season.

NONTOXIC SHOT REQUIREMENT

It is unlawful to possess shot (either in shotshells or as loose shot for muzzleloading) other than nontoxic shot when hunting for waterfowl, coot, or snipe. **Nontoxic shot includes steel shot, bismuth-tin shot** (97 % bismuth: 3 % tin), **tungsten-iron shot** (40 % tungsten : 60 % iron), **tungsten-polymer shot** (95.5 % tungsten : 4.5 % nylon 6 or 11), **tungsten-matrix shot** (95.9 % tungsten : 4.1 % polymer), **tungsten-iron-nickel-tin (TINT) shot** (65% tungsten; 10.4% iron; 2.8% nickel; 21.8% tin), or **tungsten-nickel-iron shot** (50 % tungsten: 35% nickel: 15% iron); all with <1% residual lead. See additional requirements on p. 12.

ADDITIONAL REQUIREMENTS FOR 2003-2004 UPLAND GAME SEASONS

RING-NECKED PHEASANT

A Western Washington Pheasant Permit is required to hunt pheasant in western Washington, in addition to a current small game hunting license. Upon taking a pheasant, the holder of a Western Washington Pheasant Permit must immediately enter on the corresponding space the date and location of kill.

There are three options available for the 2003 hunting season:

- (1) **Full Season Option:** Allows the harvest of eight (8) pheasants.
- (2) **3-Day Option:** Allows the harvest of four (4) pheasants during three consecutive days.
- (3) **Juvenile Option:** Allows the harvest of 8. It is unlawful to purchase an additional permit until all the pheasants allowed on the current permit are taken.

A hunter shall select one valid option at the time they purchase their Permit.

Every person possessing a Western Washington Pheasant Permit must return the permit to WDFW by December 31. The number of permits purchased per year is not limited.

Western Washington pheasant hunters must choose to hunt on either odd-numbered or even-numbered weekend days from 8:00 - 10:00 a.m. at all units of Lake Terrell, Tennant Lake, Snoqualmie, Skagit, Skookumchuck, Scatter Creek Wildlife Areas, and **all areas on Whidbey Island** and the Dungeness Recreation Area, and must indicate their choice on the Western Washington Pheasant Permit by choosing "odd" or "even." Hunters who select the 3-day option, hunters 65 years of age or older, and youth hunters 15 or younger may hunt during either weekend day morning. Youth hunters must be accompanied by an adult at least 18 years old (if hunting, adults must have an appropriately marked pheasant permit).

Note: Contact the Adventure Center at Fort Lewis (253) 967-6263 and the Environmental Affairs Office at the Whidbey Island Naval Air Station (360) 257-1009 prior to hunting at these locations.

TURKEY

Mandatory harvest reporting requirements are listed on page 7 of Big Game Hunting Seasons and Rules Pamphlet. By January 31, 2004, hunters must report their hunting activity for each turkey tag acquired by calling toll free 1-877-945-3492 or via internet at www.fishhunt.dfw.wa.gov.

NONTOXIC SHOT

It is unlawful to possess shot (either in shotshells or as loose shot for muzzleloading) other than nontoxic shot for any purpose in the following areas:

- Bridgeport Bar segment of Well's Wildlife Area
- Cowlitz Wildlife Area
- Lake Terrell Wildlife Area (including Tennant Lake and other segments)
- Shillapoo Wildlife Area
- Skagit Wildlife Area (all segments)
- Snoqualmie Wildlife Area (all segments)
- Sunnyside Wildlife Area
- The Driscoll Island, Hegdahl, and Kline Parcel segments of the Sinlahekin Wildlife Area
- Vancouver Lake Wildlife Area

It is unlawful to possess shot (either in shotshells or as loose shot for muzzleloading) other than nontoxic shot when hunting for game birds or game animals in the following areas:

- Chehalis River pheasant release site
- Dungeness Recreation Area
- Hunter Farms pheasant release site
- Raymond Airport pheasant release site
- Two Rivers and Wallula Units of the U.S. Fish and Wildlife Service's McNary National Wildlife Refuge

- **All Whidbey Island pheasant release sites**

BIRD DOG TRAINING SEASON

Aug. 1, 2003-Mar. 31, 2004.

Dog training may be conducted year-around on posted portions of: Region One-Espanola (T 24 N, R 40 E, E 1/2 of Sec. 16); Region Three-South L.T. Murray Wildlife Area; Region Four-Skagit Wildlife Area, Lake Terrell Wildlife Area, and Snoqualmie Wildlife Area; Region Five-Shillapoo/Vancouver Lake Wildlife Area; Region Six-Scatter Creek Wildlife Area, and Fort Lewis Military Base.

A valid small game license is required to train dogs on wild birds at any time.

A small game license AND a western Washington Pheasant Permit is required to train dogs on wild pheasants in western Washington. Only youth and seniors may train dogs during their respective seasons on designated western Washington pheasant release sites.

FOREST GROUSE

Forest grouse may not be killed with centerfire rifles or centerfire pistols during modern firearm deer or elk seasons unless appropriate deer or elk tags are on the hunter's person. Forest grouse may be taken with shotguns or .22 rimfire rifles and pistols during the entire grouse hunting season.

FALCONRY SEASONS

A falconry license and a current small game hunting license are required for hunting with a raptor. In addition, a Western Washington Pheasant Permit is required to hunt pheasant in western Washington; and federal and state migratory bird stamps are required to hunt migratory birds.

If a raptor captures any species of wildlife (quarry) in a closed season, the falconer must release the quarry if it is not seriously injured. If the quarry is seriously injured or killed, the quarry must be left at the site, but the raptor may feed on the kill. If the accidentally killed wildlife is a Washington State Candidate species (including jackrabbit), the falconer must immediately record on a WDFW form or facsimile the falconer's name, falconry permit number, date, species and sex (if known) of the quarry, and the location of the kill (as accurately as possible). Total accidental take of Candidate species cannot exceed 5/season; falconers must cease hunting for the day if a candidate species is taken. All reports of accidental take must be submitted to the WDFW falconry permit coordinator by April 1 each year. Released quarry are not considered "take." Take of species protected under federal or state endangered or threatened species laws is not permitted.

HUNTER ORANGE

Anyone hunting upland birds (pheasant, quail, and partridge), rabbits, or hares with a modern firearm during any upland game bird season is required to wear hunter orange clothing. Those hunting forest grouse, rabbits, or hares during deer or elk hunting seasons must also wear hunter orange clothing. A minimum of 400 square inches of fluorescent hunter orange exterior clothing, worn above the waist and visible from all sides, is required to comply with this regulation.

ADVANCED HUNTER EDUCATION PROGRAM

The AHE program is a voluntary training program designed to improve landowner-hunter relations, increase hunter knowledge, and expand hunting opportunity and hunter access to private lands.

The AHE program combines home study, shooting proficiency, project work, classroom training, and formal testing to help individual hunters improve their knowledge and skills. The program is open to all interested hunters who are willing to roll up their shirt sleeves and devote their time to each of these areas. Individuals who successfully complete the program and pass the examination will be issued a certification card and are then eligible for AHE hunts.

For more information on the AHE program, please contact the Hunter Education Program staff in the Olympia office at (360) 902-8111.

HUNTING WITH AN AUTHORIZATION NUMBER

Under the automated licensing system, licenses may be purchased over the telephone at 1-866-246-9453 or via the Internet at www.fishhunt.dfw.wa.gov. At the conclusion of a telephone or Internet sale, an authorization number will be issued. That authorization number may be used as your license if you are hunting for animals not requiring a transport tag.

Big Game Licenses - Forest grouse and unclassified wildlife such as: coyote, opossum, nutria, porcupine, skunk, and yellow-bellied marmot are the only species that may be hunted with a big game authorization number until your appropriate tags and license have arrived.

Small Game Licenses - All animals hunted with a small game license including unclassified wildlife may be hunted with a small game authorization number except wild turkey and western Washington pheasant until the valid license and tags have been received in the mail.

Migratory Bird Validation - All migratory birds may be hunted with a small game authorization number that includes a migratory bird validation until the valid license is received in the mail. A federal migratory bird stamp is required by hunters 16 years and older to hunt ducks and geese.

SPECIAL CLOSURES AND AREA RESTRICTIONS

In addition to these closures and area restrictions, game reserves (closed to all hunting and trapping) occur in many areas of the state. See pages 22-24 for descriptions of selected game reserves.

WAC 232-16-740 Columbia, Snake, and Yakima River Waterfowl, Coot, and Snipe Closures.

Section 1. Waters and land below the mean high water mark of Bachelor Island Slough of the Columbia River in Clark County. Bachelor Island Slough is further defined as those waters starting at the south end of the slough at its confluence with the Columbia River, running north along the eastern shore of Bachelor Island to the confluence with Lake River.

Section 2. Klickitat County - the Columbia River and those lands lying within one-quarter mile of the Columbia River upstream from the railroad bridge at Wishram to the grain elevator at Roosevelt.

Section 3. The Columbia River and its islands between the mouth of Glade Creek (river channel marker 57) and the old town site of Paterson (river channel marker 67), except the hunting of waterfowl, coot and snipe is permitted from the main shoreline of the Columbia River in this area.

Section 4. The Columbia River and those lands lying within one-quarter mile of the Columbia River between the old Hanford townsite (Wooden Tower) powerline crossing in Section 30, T13N, R28E, to Vernita Bridge (Highway 24).

Section 5. The Columbia River between the public boat launch at Sunland Estates (Wanapum Pool) and a point perpendicular in Kittitas County; upstream to the posted marker 200 yards north of Quilomene Bay and a point perpendicular in Grant County, including islands.

Section 6. The Snake River and those lands within one-quarter mile of the Snake River, between the U.S. Highway 12 bridge near Burbank, upstream to Lower Monumental Dam.

Section 7. The Yakima River and those lands lying within one-fourth mile of the Yakima River from the Sunnyside-Mabton Road bridge downstream to the Euclid Road bridge (4 miles).

Section 8. The Yakima River and those lands lying within one-fourth mile of the Yakima River from the Grant Avenue bridge (steel bridge) north of Prosser downstream 2-1/2 miles, to the powerline.

WAC 232-16-750 Belfair, Hood Canal Hunting Area Restriction It is unlawful to hunt waterfowl, coot, or snipe in Lynch Cove and the Union River except in designated blinds. The western and southern boundaries of this closure are posted with red steel markers. (This includes all of the Washington Department of Fish and Wildlife and Thelar Wetlands lands.)

WAC 232-16-760 Northern Puget Sound Hunting Method Restriction It is unlawful to hunt waterfowl, coot, or snipe from a moving boat or any free-floating device that is not in a fixed position which is either anchored or secured to shore in Port Susan Bay, Skagit Bay, Padilla Bay, and Samish Bay.

WAC 232-16-770 Shotgun Shell Restriction Areas It is unlawful to have in

possession more than 15 shotgun shells or to fire (shoot) more than 15 shells in one day on the following areas:

Section 1. The farmed island segment of the Skagit Wildlife Area, between the south fork of the Skagit River and Fresh Water Slough in Skagit County. *Section 2.* The Spencer Island Unit of the Snoqualmie Wildlife Area in Snohomish County. *Section 3.* The Welts (West 90) Unit of the Skagit Wildlife Area in Skagit County.

WAC 232-16-810 Port Susan Bay Canada Goose Closure. It shall be unlawful to hunt Canada geese from November 1 through March 31 within the following boundary in Snohomish County: Beginning at the intersection of SR 532 and Marine Drive in Stanwood; then south along Marine Drive to Warm Beach Road; then west along Warm Beach Road to Port Susan Bay; then west to the Island/Snohomish County line; then north along the Island/Snohomish County line to SR 532; then east along SR 532 to the point of beginning. Hunting of coot, snipe, and waterfowl other than Canada geese is allowed in this area.

Voice of America Dungeness Recreation Area County Park closed to all hunting except Wednesdays, weekends, and holidays, from the first full weekend in October to the end of January.

REGULATIONS

EASTERN, WESTERN WASHINGTON DEFINED

EASTERN Washington includes all areas lying east of the Pacific Crest Trail and east of the Big White Salmon River in Klickitat and Skamania Counties, while **WESTERN** Washington refers to all areas west of the Pacific Crest Trail and west of (and including) the Big White Salmon River in Klickitat and Skamania Counties.

FIREARM REGULATIONS

IT IS UNLAWFUL TO HUNT:

- Game birds with a shotgun capable of holding more than three shells.
- Game birds or game animals in a manner other than with a firearm, a bow and arrow, or by falconry. Bullfrogs in a manner other than by angling, hand dip netting, gigging, or bow and arrow.
- Game birds or game animals with a shotgun larger than 10 gauge.
- Wildlife with a crossbow.
- Game birds with a rifle or pistol, except forest grouse. (See page 13 for restrictions)
- Wildlife with a fully automatic firearm.

HUNTING RESTRICTIONS

IT IS UNLAWFUL TO:

- Place waterfowl decoys prior to 4:00 a.m.; allow or permit waterfowl decoys to be unattended or not in your immediate control for a period greater than one hour; or fail to remove waterfowl decoys within two hours after the close of established daily hunting hours on days open to waterfowl hunting on lands or waters controlled by WDFW.
- Place waterfowl decoys on lands or waters controlled by WDFW except as authorized by permit of the director, on days closed to waterfowl hunting on lands or waters controlled by WDFW.
- Hunt waterfowl or wild turkeys using live birds as decoys.
- Hunt waterfowl with the use or aid of battery-powered or other electronic devices as decoys.
- Hunt game birds over bait or baited areas, or areas posted as upland bird feeding sites. A baited area is where corn, wheat, or other grain or feed have been placed, exposed, deposited, distributed, or scattered to attract game birds for hunting. This does not prohibit the hunting of game birds on or over standing crops flooded croplands, or grain crops properly harvested on the field where grown, or grains scattered as the result of normal agricultural planting or harvesting. Areas are considered baited for ten days following the complete removal of all grain or other feed.
- Destroy or possess the nests or eggs of game birds or protected wildlife.
- Allow game animals or game birds you have taken to recklessly or intentionally be wasted.
- Hunt wildlife from a vehicle (except authorized disabled hunters) or from a boat propelled by a motor, unless the boat's motor is shut off and progress due to the motor has stopped.
- Use a vehicle (including ATVs), aircraft, or boat to pursue, concentrate or harass wild animals or wild birds.
- Possess wildlife taken by another person unless you have in possession a written statement showing name, address, license and/or tag number, date, county and area it was taken in, and the signature of the hunter who killed it.

—Possess in the field or transport game birds unless a feathered head is left attached to each carcass, except falconry-caught birds.

—Avoid or fail to stop and report at a WDFW established check station, and produce hunting equipment, wildlife in your possession, and licenses, permits, tags, or stamps required.

PROPERTY LAWS

Hunters are welcome on most state-owned lands, although some lands leased to private owners may be posted closed to protect livestock, equipment, or crops. Courtesy shown while hunting and respect for property rights will prevent the closing of more of these lands to hunting. It is unlawful to:

- Remove, possess, or damage printed material or signs placed by authority of the Fish and Wildlife Commission.
- Place or leave litter on any land, either public or private, which is not your own.
- Post signs against trespass or otherwise prevent hunting on lands not owned or leased by that person.
- Operate a motor vehicle on lands owned, controlled, or managed by the WDFW, except as authorized. (Off-road travel on Department lands is usually prohibited.)
- Take a wild animal from another person's trap without permission or to damage or destroy a trap, except a trap may be removed by the property owner.
- Hunt or trap on state park lands.

SAFETY VIOLATIONS

It is unlawful to:

- Carry, transport, convey, possess, or control in or on any motor vehicle, a rifle or shotgun containing shells or cartridges in either the chamber or magazine, or a muzzleloading firearm that is loaded and capped or primed.
- Shoot a firearm from, across, or along the maintained part of any public highway.
- Hunt while under the influence of intoxicating liquor or drugs.
- Shoot at wild animals or wild birds while they are on any utility line, pole, its crossarm, or insulator.
- Hunt upland birds with a modern firearm unless you are wearing hunter orange.

LICENSE AND TAG VIOLATIONS

It is unlawful to:

- Buy, possess, or attempt to obtain any license, tag, or permit by using false information, or to buy, possess or attempt to obtain a license, tag, or permit when such license privilege has been revoked.
- Purchase or possess more than one of each license, tag, permit, or stamp during

the same year, unless it is a legally obtained duplicate or authorized by the Fish and Wildlife Commission.

- Transfer, loan to, or borrow from another person any license, tag, permit, or stamp.
- Refuse to show a license, tag, or permit, or to refuse to display wildlife taken when asked to do so by a fish and wildlife officer or other law officer.
- Purchase a hunting license for the first time if you were born after Jan. 1, 1972, unless you have successfully completed Hunter Education training. A Washington hunting license from the preceding year is considered legal proof of successful completion if a previous year license has the hunter ed certificate number or previous year license number entered.

USE OF DEPARTMENT OF FISH AND WILDLIFE LANDS

It is unlawful to use WDFW-owned or controlled lands or waters in a manner or for a purpose contrary to signs or notices posted on those lands or to refuse or neglect to obey directions by a fish and wildlife officer regarding use of such property. It is unlawful to use Department-owned or controlled lands or waters for a commercial purpose without a permit issued by the Director of WDFW.

IMPORT AND RETENTION OF DEAD WILDLIFE

It is unlawful to possess or import into Washington wildlife taken in another state or country, unless the wildlife was acquired lawfully. Proof of legal acquisition must be retained during the period of retention of the edible parts.

AGE REQUIREMENTS AND RESTRICTIONS

Anyone, regardless of age, must have in their possession a valid hunting license and any required tags, permits, or stamps to hunt wildlife.

MOUNT ST. HELENS

Game Management Unit 522 (Loo-wit) is designated as a "CLOSED AREA" to the hunting of all wild animals and wild birds. In addition, U.S. Forest Service maintains a firearm restriction on portions of the Mt. St. Helens National Monument.

For more complete information on regulations affecting wildlife, hunting and firearm safety, see the 2003 Big Game Hunting Seasons and Rules pamphlet, available from license dealers throughout the state.

SUMMARY OF FEDERAL RULES

In addition to a small game hunting license and state migratory bird validation, all waterfowl hunters 16 years of age and older must carry on their person a valid Federal Migratory Bird Hunting and Conservation Stamp (Duck Stamp), signed in ink across the face. The stamp is not required for hunters under 16, or for dove, band-tail, coot, or snipe hunters.

Baiting: It is unlawful to hunt migratory birds by the aid of baiting or on or over a baited area where a person knows or reasonably should know that the area is or has been baited. A baited area is considered to be baited for 10 days after complete removal of any bait. Baiting includes placing, exposing, depositing, distributing, or scattering of salt, grain, or other feed that could serve as a lure or attraction for migratory game birds to, on, or over areas where hunters are attempting to take them. Agricultural areas must be prepared in accordance with normal agricultural practices to be legally hunted. It is a separate offense to place or direct placement of bait on or adjacent to an area that causes, induces, or allows another to hunt by the aid of bait or over a baited area. Hunters are responsible for ensuring that an area has

not been baited and should verify its legality prior to hunting. The maximum federal penalties are: \$15,000/6 months jail for hunting over bait, and \$100,000/1 year jail for placing bait.

Possession of Live Birds: Every migratory game bird wounded and reduced to possession by the hunter must be immediately killed and become a part of the daily bag limit.

Recorded Bird Calls: You cannot take migratory game birds using records or tapes of migratory bird calls, sounds, or electronically amplified imitations of bird calls.

Shipping: You cannot transport, by the Postal Service or a common carrier, migratory game birds, unless the package or container in which such birds are transported has the name and address of the shipper and the consignee and an accurate statement of the number of each species of birds contained clearly and conspicuously marked on the outside.

REFERENCE: Federal regulations related to migratory game birds are located in Title 50, Code of Federal Regulations, Part 20.

2003 WASHINGTON DUCK STAMP PRINT

“Putting Down” - Artist: D. Nicholson Miller

WHY PURCHASE A WASHINGTON STATE DUCK STAMP PRINT? TWO GOOD REASONS!

- Own a beautiful, collectable, signed & numbered print by one of the Nation’s best wildlife artists.
- Help preserve Washington’s important wetland habitats.

The Washington State Duck Stamp Print program is important to the people of this state in that a percentage of the purchase price of each print sold goes to the Department of Fish and Wildlife to help preserve precious wetlands for wildlife and future use by outdoor enthusiasts and sports persons.

This year’s beautiful image of Two Pintails was created by D.Nicholson Miller, well known and highly respected wildlife artist. Miller’s work is found in many corporate and private collections with his birds being central to his reputation. He spends days and weeks studying his subjects, prepares his drawings with meticulous care and then tirelessly paints the image.

THE 2003 DUCK STAMP PRINT

Each limited edition print is signed and numbered by the artist and includes a Mint Washington State Duck stamp with the same number as the print and a Certificate of Authenticity signed and certified by the artist. Each print is enclosed in a presentation folder for protection.

The total number of prints is **975** and are available in three official editions.

Regular Edition - 875 s/n prints - \$145.00 plus shipping \$10.00 plus tax - \$167.75

This edition includes a signed and numbered print, numbered mint stamp and Certificate of Authenticity.

Band-Tailed Pigeons Populations Show Improvement

The 2002 Washington call-count survey conducted in late June and early July showed a non-significant population decrease of 0.86% per year from 2001 to 2002, and a significant increase of 9.4% per year from 1998-02. Washington's band-tail season was closed for over ten years from 1991-2001. Washington Department of Fish and Wildlife reopened the season in 2002, with season dates September 15-23 and bag/possession limit of 2/4. Hunters were required to obtain a permit and submit a mandatory harvest report to participate. A total of 522 permits were issued, and an estimated 187 permit holders hunted during the season. Total harvest was estimated at 273 band-tails, with 357 days hunted (0.76/day). In 2003, the three-year average index of 2.78 for 2000-02 is above the threshold of 2.24 (1980-84 average), and a similar season has been approved.

UPLAND WILDLIFE RESTORATION PROGRAM

The Upland Wildlife Restoration Program was developed to restore important habitats and wildlife that utilize those habitats. To meet these goals, WDFW: 1) provides incentives for habitat enhancement and public access on private lands, 2) works cooperatively with federal and state agencies with compatible goals, and 3) provides information and technical assistance to improve public education.

Benefits from the Upland Wildlife Restoration Program help perpetuate Washington's wildlife, restore and enhance habitat, and increase recreational opportunities and public support for wildlife. Currently there are over 1,300 private landowners and 3 million acres enrolled in public access and habitat

development agreements through the Upland Wildlife Restoration Program.

Several programs and funding sources were combined to create the Upland Wildlife Restoration Program in 1991. This year a major source of Program funding was lost due to a reduction in federal support. Nevertheless, Upland Wildlife Restoration continues to provide some of WDFW's most promising opportunities to work with landowners to improve habitat and public hunting access on private lands.

THANKS TO OUR CONSERVATION PARTNERS

Washington State harbors a diversity of wildlife species and Washington Department of Fish and Wildlife (WDFW) is dedicated to sound stewardship. Through effective management, the Department is able to provide recreational opportunity, while preserving, protecting, and perpetuating Washington's wildlife. However, the Department cannot take full credit for the effective and successful management of Washington's wildlife. In fact, the foundation for healthy wildlife populations begins with individual landowners and organizations acting as wildlife stewards. WDFW would like to acknowledge and thank these agencies, organizations, and individual landowners who have been instrumental in wildlife management and have worked cooperatively with us in seeking a common goal. Washington's wildlife has greatly benefitted from their hard work, financial support, and commitment.

Many Happy Returns

Ducks Unlimited's Pacific Northwest Initiative is doing its part in Washington to insure the millions of ducks, geese and other migratory birds find plenty of habitat. Throughout North America, Ducks Unlimited, since 1937, has restored or enhanced more than 10 million wetland and upland acres, aiding about 900 species.

SWANS AND RAVENS ARE PROTECTED

Ravens are protected by state and federal laws, and are often confused with crows.

- Crows are smaller than ravens and measure between 17 and 20 inches long, while ravens measure between 24 and 27 inches long.
- Ravens spend much time gliding when in flight, while crows seldom if ever glide and usually fly with a steady wing beat.
- Crows tails are blocky and more squared off while in flight, while ravens have a diamond-shaped tail (see drawing).
- Crows have a more nasal, higher pitched call, where a raven's call is lower, and hoarser.

SHARP-TAILED AND SAGE GROUSE ARE PROTECTED

The hunting season is CLOSED for both of these game birds. Their sagebrush and grassland habitats in Washington have changed dramatically since the state was settled. The population status of these birds is sensitive. Other game birds such as pheasant, gray partridge (huns), and quail may occur in similar areas. Hunters need to be certain of their targets. Both sage and sharp-tailed grouse are quite distinctive from other game birds. **Know your target.**

HUNTING AREA INFORMATION

Information on lands open to public hunting, including WDFW Wildlife Areas, is available from the WDFW offices for the geographical areas shown (see list of WDFW offices on P. 3). Several National Wildlife Refuges operate regulated

hunting programs, and thousands of acres of other federal and state lands are open to public hunting. WDFW Wildlife Areas are shown on our website at: www.wa.gov/wdfw/lands/wildarea.htm

TRIBAL LANDS

Check with appropriate tribal authorities before entering Indian lands. There are tribal rules pertaining to non-Indian activity upon these lands for the purpose of hunting and fishing. When hunting or fishing within the boundaries of the Colville Indian Reservation, you should contact the Colville Confederated Tribes, Director of Fish and Wildlife Department (509) 634-4711 to determine the tribal permits and regulations applicable to such activities. When hunting or fishing within the Yakama Indian Reservation you should contact the Yakama Indian Nation (509) 865-5121, Ext. 666. The 2003-04 state upland bird seasons are the same as the seasons established by the Yakama Indian Nation.

YOUTH-MENTOR PHEASANT HUNTS

The Washington Department of Fish and Wildlife is joining forces with Pheasants Forever and other hunting organizations to offer Youth - Mentor Pheasant Hunts. Often times it is difficult for kids to get into upland bird hunting because their parents or relatives don't hunt upland birds. This is an opportunity for any kids that are interested to have an adult with hunting dogs take them out and teach them how it's done. The hunt takes place during the special youth season on September 20 and 21.

To participate, hunters must be under 16 years old. Interested young hunters or their parents should contact WDFW's Wildlife Program in Olympia at (360) 902-2515. Young hunters will be matched with available mentors depending on which area of the state they would like to hunt.

WDFW would like to thank the following organizations for helping with this event and providing mentors:

Pheasants Forever
 Olympic Chapter
 Skagit Valley Chapter
 South Puget Sound Chapter
 Yakima Valley Chapter
Vancouver Wildlife League

U.S. Army (Fort Lewis)
 Adventure Center

Any other organizations interested in providing mentors would be appreciated and should also contact the Wildlife Program at (360) 902-2515.

DISABLED HUNTERS

The Citizen Task Force for the Disabled (advisory to WDFW) has been working cooperatively with the WDFW and various organizations and clubs since 1992 to install barrier-free wildlife viewing/hunting blinds in each WDFW region of the state.

A pocket map called "Regional Maps of Accessible Wildlife Recreation, Waterfowl Viewing and Hunting Blinds" is available from all WDFW regional offices. Also available at regional offices and on the Internet is a pamphlet titled "Accessible Hunting and Wildlife Viewing Opportunities" which includes more information about duck blinds, goose pits, big game hunting, and ATV access hunting areas around the state. For other information about hunting opportunities for persons with disabilities, call the WDFW at (360) 902-2200.

VEHICLE USE PERMITS

The Department manages 800,000 acres of prime wildlife habitat and 600+ lake and river access sites across the state for your use and enjoyment. A Vehicle Use Permit from the Washington department of Fish and Wildlife (\$10 or FREE with a hunting or fishing license) is required. More information at www.wa.gov/wdfw/ or call a Fish and Wildlife office.

Go Play Outside

Direct involvement with the great outdoors is one of the best ways for young people to learn about natural resources and wild places. It's up to us – today's hunters – to provide supervised, structured activities to help pass the hunting heritage along to the next generation.

"Go Play Outside" is a new WDFW effort to develop partnerships that promote outdoor recreation skills, encourage the ethical use of the outdoors, and provide guidance to those wishing to participate in fishing shellfishing, hunting, sport shooting, and wildlife watching.

If you are interested in sponsoring an event or activity, presenting a workshop, or providing mentoring services please contact WDFW by phone, internet, email, or by mail.

WASHINGTON STATE MIGRATORY BIRD STAMP AND ARTWORK PROGRAMS

You can invest in the future of Washington's diverse migratory bird and wetland habitat resources. Your purchase of one or more Washington State Migratory Bird Stamps or Migratory Bird Stamp artwork products represents not only a sound personal financial investment for you, but also an investment in Washington's wetlands, waterfowl, and other migratory bird resources.

Wetlands throughout Washington sustain not only our breeding population, but birds that breed in Alaska, western Canada, and even Russia. Over 35 species and subspecies of ducks, geese, and swans depend on Washington wetlands, which include coastal estuaries, beaver ponds, desert potholes, sloughs and lakes. Other migratory game birds benefitting from the program include mourning doves, band-tailed pigeons, and snipe.

Revenue from the sale of migratory bird validations and stamps to hunters and collectors is used to buy and develop migratory bird habitat in the state and to enhance, protect, and produce migratory birds in the state. Second, revenue from the sale of artwork (limited edition prints, posters, pins, etc.) is used to contract with individuals or nonprofit organizations to develop waterfowl production projects in Washington.

The stamp and artwork program has been responsible for several significant improvements in the quality and quantity of habitat in Washington by:

- acquiring migratory bird habitat jeopardized by loss or degradation
- enhancing WDFW Wildlife Area migratory bird habitat
- enhancement of migratory bird habitat on private lands

Examples of many projects completed over the past 15 years include:

- acquiring and enhancing 500 acres on the Samish Flats near Edison.
- excavating hundreds of acres on the Columbia Basin Wildlife Area for breeding waterfowl.
- contracting with landowners in the Chehalis River Valley for habitat enhancement and access.

The Department has also used revenues from stamps and artwork to fund cooperative habitat projects with Ducks Unlimited, Washington Waterfowl Association, Inc., Audubon Society, and many local sports groups. Funding is available for projects to benefit waterfowl production (contact (360) 902-2522). Development of projects to benefit other migratory birds is underway (e.g. dove projects).

Stamps are a double investment—investing in waterfowl habitat and also in collectible stamps which appreciate significantly in value over the years. Past duck stamps have appreciated from 65 to 175 percent. Even if you purchase a stamp for hunting or your limited-edition print, buying additional stamps is a good investment—both for you and for Washington waterfowl and wetlands. Stamps are available in 30-stamp plate blocks, “mini-sheets”, or in a variety of block configurations. You can buy current-year stamps through license dealers or order directly from WDFW at 360-902-2464.

WHO WE ARE?

Founded in 1945, Washington Waterfowl Assoc. is a non profit organization dedicated to the enhancement of wildfowl and wildfowl recreation with a voice for all other devoted wildlife enthusiasts.

WHAT DO WE DO?

Raise funds to build wetland areas with the Dept. of Fish & Wildlife, provide hands on labor to construct ponds, nesting platforms and nesting tunnels, install and maintain Wood Duck nesting boxes to assure the perpetuation of wildfowl populations and wildfowl habitat. All money, time and donations go to work in Washington State.

WE NEED YOU!

We hold monthly meetings with speakers on resource management topics and subjects of interest to waterfowl enhancement and hunting opportunities.

ACTIVE CHAPTERS:

Seattle (Kenmore Shotgun Range), NW Chapter (Conway Fire Hall), SW Chapter (Sumner Trap & Skeet Range).

*These are lawful hunting hours (one-half hour before sunrise to sunset) for migratory game birds (duck, goose, coot, snipe, and mourning dove); upland birds (pheasant, quail, partridge); and turkey during established seasons. Forest grouse hunting hours are the same opening times as listed above, to 1/2 hour after the closing times listed above. **Exceptions:**

- 1) Western Washington—Pheasant and quail hunting hours are 8:00 a.m. to 4:00 p.m. in all areas.
- 2) Clark (except areas south of the Washougal River), Cowlitz, Grays Harbor, Pacific, and Wahkiakum counties—Goose hunting hours are 8:00 a.m. to 4:00 p.m., except one-half hour before sunrise to sunset during the September goose season and 7:00 a.m. to 4:00 p.m. during the late goose season.
- 3) Hunting hours for falconry seasons (except migratory game bird seasons) are exempt from these hunting hours, except on designated pheasant release sites.

Cooperative Management Of Wrangel Island Snow Geese

Washington is the winter home to several unique populations of waterfowl with international management significance. One of these populations, Wrangel Island lesser snow geese, breeds at 71° N on Wrangel Island off the northeast coast of Siberia, and most spend the winter on the Skagit Delta near Mount Vernon and the Fraser Delta near Vancouver BC. A smaller segment of the population continues down the flyway to wintering areas in California's Central Valley.

Due to a combination of factors involving poor production, over harvest, and pressures on the breeding grounds, the population declined from over 150,000 birds to less than 60,000 in the 1970's. The population is greatly affected by spring and summer weather conditions and predators on the Arctic breeding grounds, and in some years no goslings are produced on the breeding colony. During the last

seven years, production has been good, and the population has been increasing toward the management objective of 120,000. Recent surveys of snow geese indicate that the breeding population is currently at 110,000 and the Skagit-Fraser flock is approximately 70,000 birds. Over the past twenty years, a larger percentage of the population has been wintering in the Skagit-Fraser area.

The population is managed separately from other North American lesser snow goose populations, some of which have become overabundant and are impacting Arctic breeding areas. Unlike these eastern populations, the Wrangel Island population has not shown the same threat of degrading its Arctic breeding grounds, and the population has been given protection on spring migration areas during expanded snow goose hunting seasons in the Central Flyway.

Cooperative management programs involving WDFW, other Pacific Flyway State agencies, Canadian Wildlife Service, and the Wrangel Island Nature Reserve, are detailed in a joint plan developed by the Pacific Flyway Council.

The population was one of the key species identified in the Pacific Coast Joint Venture's First Step habitat acquisition and enhancement program. In 1994, a 255-acre parcel on Fir Island near Conway was secured through federal and state grants to WDFW, to provide critical upland feeding habitat adjacent to the estuary. A total of 500 acres are managed as the Fir Island/Hayton Game Reserve, which has become a popular viewing area and serves to maintain hunting opportunities on adjacent lands.
